

After submission: evaluate, record, and file

Proctor steps once a team hands in its work, grade it, record the team, and archive it to SharePoint.

THE STEPS

- 1 Receive the submission** Collect the team's completed Workbook and their diagram (a whiteboard photo or Circuit output).
- 2 Evaluate & score** Score each use case against the rubric: Mapping 40 / Products 30 / Diagram 30.
- 3 Total & award the level** Add the cumulative totals, award the group level (Associate / Professional / Expert), and write feedback.
- 4 Record the team** On the Workbook's final page, write the table number, team name and all team members.
- 5 File to SharePoint** Save the diagram and the scored Workbook (one PDF) to the shared SharePoint folder for the record.

WHAT TO UPLOAD

- **Team's diagram** — Circuit output, or a photo of the whiteboard.
- **Scored Workbook** — With score, level, team name and members.

Combine into a single PDF.
